If you think that "counseling" is "just for the other guy" you might consider the following:

1. Family discord resulting from school
2. Problems coping with school
3. Trouble adjusting to school
4. Children resisting your schooling
5. Anxiety about classes
6. Nursing students - stress and pressure of "clinical"

The areas of counseling are not limited. If it is important to you, it is important to us.

There is a "sign-up" sheet in the Administration Office for you to make appointments with the counselor. It is not only by appointment, but if you do want to reserve a time, stop in and sign the form.

The test dates for the COMP Test are as follows:

FRIDAY, April 10, 1987 at 9:00 a.m. in Rhoades Auditorium

For those students with scheduling conflicts the second date is

All sophomores who entered the University during the Summer or Fall of 1985 are required to take the exam. FALL SCHEDULE

The Business courses are not affected except in the case of the daytime courses which follow the Spring schedule format.

FINAL EXAMS

Final exams have been suspended. The decision is based on the analyses of examinations and daily work in terms of predictive validity. This decision will be implemented on the Clarion Campus this year and at Venango Campus on some later date.

PICNIC

There will be a picnic tonite from 8 - 10pm at the pond. Steak, fries and hot coffee will be served. There will be no charge as this is being charged to the Nursing Club pin account. This event goes.....SNOW OR NO SNOW!!!!

All PELL Grants will be up 10% to 80% due to the budget surplus. The new PA governor announced this program as "a giant step forward in our economic future". Since this decision goes into effect this Spring, students who have not picked up their checks yet will be eligible for a current supplement.

QUESTION #1 RESPONSES:

I don't think of Venango Campus as a big or small college, but a special school. I do not feel this school could have been built any other place. The surroundings are and it has a peaceful atmosphere. As the years go on, I feel this school is going to become an even better place to attend college.

Venango Campus provides the students with an excellent education department, while at the same time making available organized clubs and activities. Even though Venango Campus is small, I feel it contends very much so with the area's universities and their branch campuses. I have found the administration, faculty, and students friendly and supportive, therefore creating a pleasant atmosphere.

When I attended orientation in July, I learned about Venango Campus. I was very impressed with the different instructors and Dr. Rookey. They made me aware of the programs at the campus and what there was to offer. This is a school that our community should be proud of.

When I finally chose to attend Venango Campus, I knew it would definitely be a unique experience. The smallness of the campus allows everyone to become acquainted. I gotten to meet quite a few people from different areas and different backgrounds. The smallness of the campus also allows students to seek help they need with their studies. The instructors are very willing to help you with any problems. The friendly atmosphere created by the students and instructors makes the campus a special place.

Venango Campus, being relatively small in size, is rich in education and enables one to become better acquainted with people. Venango Campus is becoming a well-known institution of higher education. The professors are recognized members of the community and they are willing to give up their time to help students individually. Even though the campus is small, there are numerous courses and majors with which to build a profession. Since Venango Campus is a branch campus, it is much smaller. Therefore, you can become closer to more people and personally, that is one of the reasons why I chose Venango Campus. I am happy and proud that I chose Venango Campus because of the quality education and strong friendships.

More on the Candidates!

QUESTION #2 RESPONSES:

I am proud to be a student at Venango Campus and the chance to represent it at the 1987 Homecoming activities would be an honor. It would also please me to see Venango Campus become a bigger part of the Clarion Campus' Activities.

I would like to become involved with as many activities as my studies permit. I feel that if the administration and organizations of Venango Campus go to the time and trouble to present these opportunities before the students, the students should support them and their causes whenever possible.

I want to represent Venango Campus in the 1987 Homecoming because I want to get to know everyone personally and to make a lot of friends. I think this will be a wonderful experience for me.

If I was to represent Venango Campus in the 1987 Homecoming festivities, it would be a great honor. It would be a once in a lifetime dream to be chosen to represent such a quality institution of higher learning.

I would be proud and privileged to represent Venango Campus of CUP and all those associated with it during Homecoming. Our time spent at this campus not only offers us knowledge, experience, and education, but also memories and friends that we will treasure throughout our lives.

I would like to represent Venango Campus in the 1987 Homecoming Activities because I think it is a good way to get started in school activities. This type of election is fair to all candidates and I like to participate in this type of school activity.

We would like to take this time to thank all these women for their participation in the Venango Campus elections. We, the faculty, administration, and students wish you all the best of luck.

The two women elected to represent Venango Campus will need to be available on Friday, September 25, 1987 at 8:30a.m. to go to Clarion to have photographs taken. Please see Kim Price for more details.

The Conference is Oct 9, 10, and 11. We have planned a full weekend, which we hope everyone will find educational as well as fun. We have several promising speakers coming as well as adult learners from other colleges. Our hope is that by attending the lectures and talking with other adult students, you will find answers to questions and/or solutions you have encountered since returning to college.

To kick off the weekend, we are having a wine and cheese party Friday night. There is also a dinner-dance scheduled at the Depot on Saturday night and a train ride on Sunday afternoon.

Time is running out so hurry. You can register with Kim Price. Her office is in Frame, room 115

A.L.O.

What is A.L.O.? It stands for Adult Learners Organization. We are a student organization and support group for non-traditional students at Venango Campus. Members are students who are over the age of 21 and who have been out of high school for more than 3 years. Older students have special problems, joys, and needs and A.L.O. was established as a way for us non-traditionals to share our concerns with each other and to increase our participation in campus activities. We share relevant and helpful information with each other. Some of us were former strangers who have been thrust into the unfamiliar world of academia for various reasons, ranging from economic to a love of learning. Alone we are single gems, but together we form a beautiful piece of jewelry. We have found friendship and support through our sharing of triumphs and failures, joys and heartaches, dreams and disappointments. The officers, members, and advisors of Venango Campus A.L.O. want to welcome and encourage you to attend our meeting on October 20 at 4:00 PM in the Rhoades Center. COME SHARE WITH US.

If this time and day are not good for you and you are interested, please leave a message in the office for Deb Ward, or see Mrs. Kim Price in room 115 Frame, and we'll be glad to keep you informed of what is happening and see about time changes.

Everyone who attended seemed pleased with the presentations and all the food. Rhoades Hall never looked better than it did for lunch Saturday. We should be very proud of our campus and what it has to offer us as adult students. Many thanks need to go to the people who made it such a wonderful weekend. The following letter was written by a Clarion faculty member. It speaks for itself and for our students at Venango Campus. Keep up the good work students!

Dear Dr. Rookey:

The fall semester of last year I had the opportunity of teaching at the Venango Campus.

I would be remiss if I did not drop you this note and mention how much I enjoyed my two classes at Venango Campus. I have been teaching at the Main Campus since 1970 and can honestly say that I have never enjoyed any classes more than I have enjoyed my two classes in Oil City. The blend of the young college students and the older adults created an atmosphere that provided a tremendous experience for me.

The students were continuously challenging. They were great in classroom participation. The one thing that really impressed me was their written communication skills. I am not sure of the reason, but overall the writing ability of the students at Venango, at least in my classes, was far superior to any work I have ever seen on the main campus.

I might also add that I really enjoyed the total atmosphere on the campus. I will look forward to teaching at Venango again in the future and look forward to meeting you.

Are you getting stressed out? Psychiatrist Dr. Ray Feroz will do a Stress Management seminar at 8 PM on Thursday, October 22 in the Rhoades Lounge. Come and spend a couple of hours and save your mind!!

ATHLETICS

Just a reminder that the gym in Rhoades Center has a lot to offer.

There are pick-up basketball games on Tuesdays and Thursdays at 7:00 PM and Mondays and Wednesdays at 8:00 PM

There is a universal gym set for weight lifting and very soon there will be intramural volleyball. We will start with 12 or so intramural teams and then go into our campus team selection and games. Do you wish to play on an intramural team (co-ed) or do you and your cronies wish to play as a team? Members of the past campus team must be dispersed throughout the league. If you are interested in volleyball, turn in your name and phone number to Greg Rex via Frame Office.

There are also showers and lockers for your convenience. The gym is there for us to utilize, so go down and take advantage of it.

Pre-registration for the Spring Semester of 1988 starts October 19. A priority list is posted out in the hallway of Frame Hall. A priority list is created by credits earned as of August 31, 1987. This DOES NOT include credits currently being taken. (IF YOU FEEL THERE IS AN ERROR IN YOUR TOTAL CREDITS, PLEASE CONTACT THE ADMINISTRATION OFFICE.) You need to check this list to see when you are to pre-register. Pre-registration means you should see an advisor to make a schedule of classes for the spring semester.

At Venango Campus we use advisor pools. Advisor pools eliminate a specific advisor and give a broader choice to the student. The advisor list will be posted with the priority list. In addition, advisor office hours will be posted. Pre-registration forms will be available from advisors.

BE FOREWARNED! Schedule changes involve Accounting 254 and Accounting 256. We have just switched them around. This means that Accounting 254 will meet on Thursday from 6:30 to 9:10. Accounting 256 will meet on Tuesday and Thursday from 5:00 to 6:15.

Also note that SPAN 152-51 and COMM 171-51, previously on the Spring schedule, have been CANCELLED.

For more information, you may refer to the detailed instructions on page 2 of the printed newspaper schedule.

A Message from the Senate

The Student Senate was formed to govern the colleges of Pennsylvania. We are the heart and soul of Venango Campus. We make it our business to keep the student body in contact with everyday crises and advice to help every student with help when needed. We can't help anybody if they don't seek us for help for advice or problems. That's what we are here for.

It isn't that we can't get along with one another at this campus. I know we can if everybody would just give the students a chance to open their minds in what they believe in, and also what they can really do with their lives.

It's not for what we are on the outside that counts, it's on the inside where it is coming from. Every student wants a chance to prove themselves, that they are somebody, not just another student taking up space on this campus. If we shut love out from our hearts, we become like a plant, not the supreme creature God intended for us to be. So, I say to the students of Venango Campus let's support our Student Senate.

The Student Senate
 of Venango Campus

C.E.C. HONORED

We receive honors every once in a while. The Council for Exceptional Children (C.E.C.) just received an award from Special Olympics for their continuous service to the handicapped children. This award honors us all. GOOD SHOW C.E.C.

Does the mere mention of the word "computer" scare you?!? Well, with a friendly introduction, you will find a computer system is no more threatening (or smarter) than the pop machine in the Rhoades Center. Starting TUESDAY, NOVEMBER 17th from 9:00 AM - 11:00 AM and continuing weekly, Cheryl O'Neil will be in the computer room (across from 208 Frame) to instruct any interested students.

The presentation will define Computer Integrated Manufacture (C.I.M.), discuss the potential benefits, and identify management implications of C.I.M. The presenter will be Kurt Menges, Area III Representative of IBM. Mr. Menges has had responsibility for design and implementation of computer integration for such IBM clients as G.E., RCA, Westinghouse, and Armstrong World Industries. STUDENT SENATE

The Student Senate of Venango Campus invites you to attend their next meeting on Thursday, November 12 in room 104 Frame Hall. Come and see what the Student Senate really does. Get involved.

ALL STUDENTS

If you have paid an activity fee for Clarion University, we suggest that you get involved in some of the activities that are here for you on campus. If you do not take part in any of the events you are only hurting yourself. The money that you pay at the beginning of the semester is being use only by a few when it is

meant for many. It is a shame to put the money you pay for activity fee down the drain. So get involved. Attend one or more of the events that are going to take place before the end of the Fall 1987 semester.

ARE YOU INTERESTED IN A VENANGO CAMPUS PLAY PERFORMANCE?

Venango Campus is looking for a few interested people to act in and produce a play to be performed in the Spring 1988 semester at Venango Campus. If you are interested in being an actor or helping behind the scenes, see Kim Price or Greg Rex in room 115 Frame Hall. We would like to try and get this organized before Christmas break so that production can begin next semester.

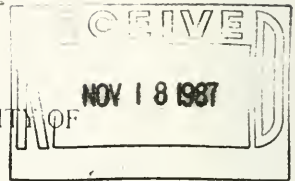

If you have any comments or suggestions about the new format, submit them to any Wednesday Bulletin staff member. Also, if you are interested in working on the Wednesday Bulletin next semester, please contact Kim Price.
